

## Savannah Christian Preparatory School MyMedBot App 2020-2021 School Year

SCPS Families, Staff, and Faculty,

In addition to the many steps being taken on campus to mitigate the risk of COVID-19, SCPS will be using the MyMedBot app to screen students prior to their arrival on campus each day. MyMedBot is a simple and secure health screening app that uses scheduled push notifications to quickly prescreen individuals every morning for risk factors that could be related to COVID-19. Every morning, before school starts, parents will be required to complete a quick health screening questionnaire for their student(s).

MyMedBot

Students over the age of 16 will be allowed to submit the questionnaire for themselves, and staff and faculty members will also be required to complete this screening daily. *Please note, this is a required step that must be completed prior to the student or staff member entering any building on campus.* Push notification reminders will continue until the questionnaire has been completed.

**Submissions that receive an "at-risk" classification will be required to stay home and follow up with the school nurse, Julie Murphy. The success of this app depends on self-reported responses and it is important that our families take personal responsibility and submit honest answers. Before the first day of school, please make sure you have access to a thermometer for your family to use each morning prior to completing the questionnaire. If a leave of absence is required, our staff and faculty will work with students to stay current in their classes. We have reinforced our substitute pool in the event of staff absences.**

**In the upcoming days, you will receive an invitation to download the MyMedBot app. Please take note that this request is coming from Savannah Christian and do not mark it as spam.**

- For questions regarding Campus Reopening Procedures, please contact Becky Thomason at [bthomason@savcps.com](mailto:bthomason@savcps.com) or 912-721-2122.
- For questions related to the MyMedBot App, please contact Rick Tindol at [rtindol@savcps.com](mailto:rtindol@savcps.com) or 912-721-2127.
- To reach the school nurse, please contact Julie Murphy at [jmurphy@savcps.com](mailto:jmurphy@savcps.com) or 912-721-2115.

Thank you for working with us to make these necessary changes to ensure safety on campus. We look forward to seeing everyone on August 13th!
